

American Superconductor Announces Pricing of Common Stock Offering

DEVENS, Mass., Nov 11, 2010 (BUSINESS WIRE) --

American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, today announced that its public offering of 4.6 million shares of its common stock has priced at \$35.50 per share. AMSC has granted the underwriters a 30-day option to purchase up to an additional 690,000 shares of common stock to cover over-allotments, if any. Morgan Stanley & Co. Incorporated, Deutsche Bank Securities Inc. and Jefferies & Company, Inc. acted as lead book-running managers for the offering. Pacific Crest Securities LLC served as co-manager.

American Superconductor expects to receive net proceeds from the offering of approximately \$155.1 million, or approximately \$178.4 million if the underwriters exercise their over-allotment option in full, after deducting the underwriting discounts and commissions and estimated offering expenses.

The shares will be issued pursuant to a prospectus supplement filed as part of a shelf registration statement filed with the Securities and Exchange Commission on Form S-3. American Superconductor expects to close the offering, subject to customary conditions, on or about November 16, 2010.
