*Proxy Statement for the Annual Meeting of Stockholders
to be Held on Thursday, July 29, 2004*

GENERAL INFORMATION ABOUT ANNUAL MEETING

Distribution of Information and Solicitation of Proxies

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of American Superconductor Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Thursday, July 29, 2004 (the "Annual Meeting") and at any adjournment of the Annual Meeting. All executed proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, executed proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

On June 9, 2004, the record date for the determination of stockholders entitled to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 27,724,349 shares of Common Stock of the Company (constituting all of the voting stock of the Company). Holders of Common Stock are entitled to one vote per share.

The Company's Annual Report for the fiscal year ended March 31, 2004 ("fiscal 2004") is being mailed to stockholders, along with these proxy materials, on or about June 24, 2004.

The text of the Company's Annual Report on Form 10-K for the year ended March 31, 2004, as filed with the Securities and Exchange Commission (the "SEC"), is included without exhibits in the Company's Annual Report. Exhibits will be provided upon written request addressed to the Company, Attention: Investor Relations, at no charge.

Votes Required

The holders of a majority of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock represented in person or by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

The affirmative vote of the holders of a plurality of the shares of Common Stock voting on the matter is required for the election of directors (Proposal 1). The affirmative vote of the holders of a majority of the shares of Common Stock outstanding as of the Record Date is required for approval of the amendment to the Restated Certificate of Incorporation (Proposal 2). The affirmative vote of the holders of a majority of the shares of Common Stock voting on the matter is required for approval of the 2004 Stock Incentive Plan (Proposal 3), the amendment to the 1997 Director Stock Option Plan, as amended (Proposal 4) and the ratification of the selection by the Audit Committee of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year (Proposal 5).

Shares that abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as shares

voting on such matter. Accordingly, abstentions and broker non-votes will have the same effect on the proposed amendment to the Restated Certificate of Incorporation as a vote against such matter. However, abstentions and broker non-votes will have no effect on the outcome of voting with respect to the election of directors, which requires the vote of a plurality of the Common Stock voting, or (i) the amendment to the Restated Certificate of Incorporation (Proposal 2), (ii) the 2004 Stock Incentive Plan (Proposal 3), (iii) the amendment to the 1997 Director Stock Option Plan, as amended (Proposal 4) or (iv) the ratification of the selection by the Audit Committee of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year (Proposal 5), all of which require an affirmative vote of a majority of the Common Stock voting on the matter.

Board Determination of Independence

Under NASDAQ rules that become applicable to the Company on the date of the annual meeting, a director of the Company will only qualify as an “independent director” if, in the opinion of the Company’s Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Company’s Board has determined that none of Admiral Baciocco or Messrs. Budhraj, Crisp, Drouin or Sage or Dr. Vander Sande has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Director Candidates

The process followed by the Nominating Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board’s slate of recommended director nominees, the Nominating Committee applies criteria such as the candidate’s integrity, business acumen, knowledge of the Company’s business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Company believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of the Company’s Common Stock for at least a year as of the date such recommendation is made, to Nominating Committee, c/o Corporate Secretary, American Superconductor Corporation, Two Technology Drive, Westborough, MA 01581. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

At the Annual Meeting, stockholders will be asked to consider the election of Mr. Budhraj, who has been nominated for election as director for the first time. Mr. Budhraj was originally proposed to the Committee by a non-management director and he was elected to the Board in March 2004 to fill a vacancy created by the resignation of Mr. Gérard Menjon from the Board on October 30, 2003. Mr. Menjon’s resignation was not as a result of any disagreement with the Company.

Board Meetings and Attendance

The Board met 13 times during fiscal 2004, either in person or by teleconference. During fiscal 2004, each director attended at least 75% of the aggregate of the number of Board meetings and the number of meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

Four directors attended the fiscal 2003 annual meeting of stockholders. The Company has since adopted a policy that directors are expected to attend the Annual Meeting of Stockholders.

Board Committees

The Board has established three standing committees — Audit, Compensation, and Nominating — each of which operates under a charter that has been approved by the Board. A copy of the Restated Audit Committee charter, as in effect on the date of this proxy statement, is attached as *Appendix A*.

The Board has determined that all of the members of each of the Board's three standing committees are independent as defined under the new rules of the NASDAQ Stock Market that become applicable to the Company on the date of the Annual Meeting, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). In addition, all of the members of the Audit Committee are independent as defined by the rules of the NASDAQ Stock Market that apply to the Company until the date of the Annual Meeting and otherwise satisfy NASDAQ's eligibility requirements for Audit Committee membership.

Audit Committee

The Audit Committee's responsibilities include:

- appointing, approving the compensation of, and assessing the independence of the Company's independent auditors;
- overseeing the work of the Company's independent auditors, including through the receipt and consideration of certain reports from the independent auditors;
- reviewing and discussing with management and the independent auditors the Company's annual and quarterly financial statements and related disclosures;
- monitoring the Company's internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- overseeing the Company's internal audit function;
- discussing the Company's risk management policies;
- establishing policies regarding hiring employees from the independent auditors and procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with the Company's internal auditing staff, independent auditors and management; and
- preparing the audit committee report required by SEC rules (which is included on page 8 of this proxy statement).

The Board has determined that Mr. Sage is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K.

The members of the Audit Committee are Dr. Vander Sande (Chairman), Mr. Sage and Admiral Baciocco. The Audit Committee met nine times during fiscal 2004.

[Table of Contents](#)

Nominating Committee

The Nominating Committee's responsibilities include:

- identifying individuals qualified to become Board members;
- recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees; and
- reviewing and making recommendations to the Board with respect to certain senior executive succession planning.

The members of the Nominating Committee are Messrs. Drouin (Chairman) and Crisp and Admiral Baciocco. The Nominating Committee met four times during fiscal 2004.

Communicating with the Independent Directors

The Board will give appropriate attention to written communications that are submitted by stockholders and will respond if and as appropriate. The Chief Financial Officer is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chief Financial Officer considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to Board of Directors c/o Chief Financial Officer, American Superconductor Corporation, Two Technology Drive, Westborough, MA 01581.

Compensation of Directors

Effective April 1, 2004, directors of the Company who are not employees of the Company or any subsidiary ("Outside Directors") receive cash compensation as follows: each Outside Director will receive \$20,000 as an annual retainer; the Chairman of both the Audit and Compensation Committees will each receive an annual retainer of \$3,000; each Outside Director who attends an "in person" meeting of the Board or a committee of the Board (including the *ad hoc* finance committee) will receive \$1,200 per meeting; each Outside Director who participates in a teleconference meeting of the Board or a committee of the Board (including the *ad hoc* finance committee) will receive \$800 per meeting; and each Outside Director who participates in an "in person" meeting of the Board or a committee of the Board (including the *ad hoc* finance committee) via teleconference will earn \$800 per meeting.

In fiscal 2004, the Outside Directors received \$4,000 per quarter as compensation for their services as directors and \$1,000 for each Board meeting attended pursuant to a director compensation plan implemented as of May 12, 2003. Under this compensation plan, the Outside Directors received the following amounts: Admiral Baciocco — \$28,000; Mr. Frank Borman (who did not stand for re-election on October 1, 2003) — \$14,000;

[Table of Contents](#)

In addition, each member of a committee of the Board received up to \$1,500 for his attendance at such committee meetings. In fiscal 2004, members of the Compensation Committee earned the following amounts for their services on such committee: Mr. Crisp — \$8,000; Mr. Drouin — \$6,500; and Dr. Vander Sande — \$6,500. In fiscal 2004, members of the Nominating Committee earned the following amounts for their services on such committee: Mr. Drouin — \$4,500; Admiral Baciocco — \$3,000; and Mr. Crisp — \$3,000. Pursuant to the Second Amended and Restated 1997 Director Plan (the “1997 Director Plan”), Outside Directors are granted options on the following terms: (i) each Outside Director of the Company who is initially elected to the Board after September 5, 1997 is granted an option to purchase 20,000 shares of Common Stock upon his or her initial election to the Board, and (ii) each Outside Director is granted an option to purchase 10,000 shares of Common Stock of the Company three days following each Annual Meeting of the Stockholders of the Company, provided that such Outside Director has served as a director of the Company for at least one year. Each option granted under the 1997 Director Plan has an exercise price equal to the fair market value of the Common Stock on the date of grant. Options granted under the 1997 Director Plan upon an Outside Director’s election to the Board become exercisable in equal annual installments over a two-year period. Notwithstanding such vesting schedule, such options become exercisable in full in the event of an acquisition of the Company. Options granted to continuing Outside Directors following Annual Meetings of Stockholders are immediately exercisable in full. The term of each option granted under the 1997 Director Plan is ten years, provided that, in general, an option may be exercised only while the director continues to serve as a director of the Company or within 60 days thereafter. In addition, Mr. Budhreja was granted an option to purchase 20,000 shares of Common Stock, at an exercise price of \$11.65, under the 1997 Director Plan in March 2004.

Table of Contents

- the Company's financial disclosure documents, including all financial statements and reports filed with the SEC or sent to shareholders;
- changes in the Company's accounting practices, principles, controls or methodologies;
- significant developments or changes in accounting rules applicable to the Company; and
- the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

Management represented to the Audit Committee that the Company's financial statements had been prepared in accordance with GAAP.

The Audit Committee also discussed with PricewaterhouseCoopers LLP, the Company's independent auditors, the Company's audited financial statements and the matters required to be discussed by applicable accounting standards and Audit Committee rules, including the matters required by Statement on Auditing Standards 61 (*Communication with Audit Committees*).

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent auditors their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of certain non-audit services to the Company is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2004.

- (1) The exercise price per share of each option was equal to the fair market value per share of Common Stock on the date of grant. Options become exercisable over a three-year period and generally terminate 60 days following termination of the Senior Executive's employment with the Company or ten years following the grant date, whichever occurs earlier. Stock options granted by the Company become immediately exercisable in full upon a change in control, as defined in such agreements.
- (2) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercises of the option or the sale of the underlying shares. The actual gains, if any, on the exercises of stock options will depend on the future performance of the Common Stock, the option holder's continued employment through the option period, and the date on which the options are exercised.

Employment Agreements with Senior Executives

Dr. Yurek and Dr. Malozemoff are each party to an employment agreement with the Company. The term of each agreement commenced on December 4, 1991 and continues until terminated as follows: by the employee, at any time upon at least 90 days prior notice; by the Company for cause (as defined in the employment agreement); by the Company without cause (in which case, for a 12-month period following the date of termination, the employee shall continue to receive his salary and other benefits and his stock options shall continue to vest); or as a result of the death or disability of the employee (in which case his stock options shall become immediately exercisable for the number of additional shares as to which they would have become exercisable if his employment had continued for an additional 12 months). Under the terms of each employment agreement, the employee agrees that, among other things, he will not engage in a business competitive with that of the Company until one year after the later of the termination of his employment with the Company or the expiration of the one-year period during which his compensation and benefits continue in the event of an employment termination without cause. The Company has the right to extend the period for which these restrictions remain in effect for an additional one-year period by continuing the employee's salary and benefits for this additional period.

Compensation Committee Interlocks and Insider Participation

Messrs. Crisp and Drouin and Dr. Vander Sande served as members of the Company's Compensation Committee during fiscal 2004. None of the Company's executive officers serves as a director or a member of the compensation committee (or other committee serving an equal function) of any other entity whose executive officers serve as a director of or member of the Compensation Committee of the Company.

Compensation Committee Report on Executive Compensation

This report addresses the compensation policies of the Company applicable to its officers during fiscal 2004. The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors (the "Committee"), which is comprised of three independent, non-employee directors. The Committee is responsible for determining the compensation package of each executive officer except the Chief Executive Officer, for whom the Committee is responsible for presenting recommendations for the Chief Executive Officer's compensation to the full Board of Directors. In fiscal 2004, the Board of Directors did not modify in any material way or reject any action or recommendation of the Committee with respect to executive officer compensation.

The objectives of the Committee in determining executive compensation are (i) to recognize and reward exceptional performance by the Company's executives, (ii) to provide incentives for high levels of current and future performance, and (iii) to align the objectives and rewards of Company executives with those of the stockholders of the Company. The Committee believes that an executive compensation program that achieves these objectives will not only properly motivate and compensate the Company's current officers, including the Chief Executive Officer, but will enable the Company to attract other officers that may be needed by the Company in the future.

The executive compensation program is implemented through three principal elements — base salary, an annual incentive plan based on team and individual contributions to corporate success and stock option grants.

In establishing the salary of officers, including the Chief Executive Officer, the Committee considers the individual performance of the officer, the performance of the Company as a whole, the nature of the individual's responsibilities, historic salary levels of the individual, and the median level of cash compensation paid to

[Table of Contents](#)

officers in comparable positions at other companies whose business and/or financial position is similar to that of the Company. For purposes of this comparison, the Committee considers the executive compensation of a range of public technology-oriented companies whose business, stage of development, financial position and/or recent financial performance are similar to that of the Company, as well as the companies included in the Peer Index in the Stock Performance Graph.

The Committee has determined that the salaries paid to the Company's officers, including the Chief Executive Officer, are appropriately positioned relative to the median cash compensation levels for executives with comparable responsibilities in similar firms and the contributions of the individuals to the success of the firm.

Beginning in 1996, the Committee implemented an annual incentive compensation plan for all officers, including the Chief Executive Officer. During fiscal 2004, the Committee hired a compensation consultant to review the annual incentive compensation plan. Taking into consideration the work of the consultant, the Committee revised the annual incentive plan to ensure full alignment with the Company's goals and objectives. Awards under the plan reflect team and individual contributions to the achievement of predetermined Company objectives, including financial objectives, product development objectives, and marketing and business development objectives. The Committee believes it is appropriate for officers to have a portion of their annual cash compensation dependent upon performance in that year, and the Committee may consider increasing the "at risk" portion of executive compensation over time. For fiscal 2004, payments were made from the plan that were commensurate with the goals set for the Company and each Senior Executive. For the Chief Executive Officer, a payment was made that reflected the Company's financial performance in fiscal 2004 and the Chief Executive Officer's achievement of personal objectives that had been set by the Committee as well as the Committee's evaluation of the Chief Executive Officer's overall performance.

The Committee uses stock options as a significant element of the compensation package of the officers, including the Chief Executive Officer, because they provide an incentive to executives to maximize stockholder value, because they reward the officers only to the extent that stockholders also benefit, and because the vesting of the options (the options generally become exercisable in installments over a three to five-year period) serves as a means of retaining these officers. In granting stock options to certain officers, the Committee considers a number of factors including the performance of the officer, the responsibilities of the officer, the officer's current stock or option holdings, and the median levels of long-term incentives paid to officers with comparable responsibilities in similar companies, including the companies included in the Peer Index in the Stock Performance Graph. It has been the practice of the Committee to fix the exercise price of options granted at 100% of the fair market value of the Common Stock on the date of grant.

The Committee also has periodically granted shares of restricted stock as another element of compensation that closely ties the long-term goals of the Company to an officer's compensation program. These restricted shares become vested upon the earlier of either (i) the achievement of specific revenue and profitability objectives that are designed to increase shareholder value or (ii) the fulfillment of a six-year vesting schedule.

The Board of Directors recognizes that it is essential for officers of the Company to establish and maintain an ownership position in the Company. In order to ensure that this expectation is met, the Board of Directors has established guidelines relating to stock ownership and disposition for all officers under which an officer is strongly encouraged to establish and maintain ownership of shares in an amount directly proportional to the number of shares exercised. The Committee considers each officer's compliance with these guidelines in the establishment of ongoing option grants.

In evaluating corporate and individual performance for the purposes of determining salary levels, awarding bonuses and granting stock options, the Committee considers the progress and success of the Company with respect to financial metrics, such as revenue and net income, and to matters such as product development, strategic alliances, and enhancement of the Company's patent and licensing position, as well as changes in scope of responsibility for specific individuals.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's Chief Executive Officer and the four other most highly compensated officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain other requirements are met. The Committee takes into account, to the extent it believes appropriate, the limitations on the deductibility of executive compensation imposed by Section 162(m) in determining compensation levels and practices.

Stock Performance Graph

The following graph compares the cumulative total stockholder return on the Common Stock of the Company from March 31, 1999 to March 31, 2004 (the end of fiscal 2004) with the cumulative total return of (i) the CRSP Total Return Index for the NASDAQ Stock Market (U.S. Companies) (the “NASDAQ Index”), and (ii) an index of eight companies engaged in a line of business similar to the Company’s (the “Peer Index”). The Peer Index is comprised of AstroPower, Inc., Ballard Power Systems, Inc., Energy Conversion Devices, Inc., FuelCell Energy, Inc. (formerly Energy Research Corporation), Intermagnetics General Corporation, Maxwell Technologies, Plug Power Inc. and SatCon Technology Corporation. This graph assumes the investment of \$100.00 on March 31, 1999 in the Company’s Common Stock, the Peer Index and the NASDAQ Index, and assumes any dividends are reinvested. Measurement points are March 31, 1999, March 31, 2000, March 30, 2001, March 29, 2002, March 31, 2003 and March 31, 2004 (the last trading day of the Company’s last five fiscal year ends).

**ELECTION OF DIRECTORS
(PROPOSAL 1)**

The persons named in the enclosed proxy will vote to elect as directors the seven nominees named below, all of whom are presently directors of the Company, unless authority to vote for the election of any or all of the nominees is withheld by marking the proxy to that effect. All of the nominees have indicated their willingness to serve, if elected, but if any of them should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board. Each director will be elected to hold office until the next annual meeting of stockholders (subject to the election and qualification of his successor and to his earlier death, resignation or removal). Information about each nominee is set forth under “Corporate Governance — Members of the Board of Directors” beginning on page 3.

The Board of Directors recommends a vote FOR the election of Dr. Yurek, Admiral Baciocco, Messrs. Budhraj, Crisp, Drouin and Sage and Dr. Vander Sande as directors of the Company.

**APPROVAL TO AMEND THE COMPANY'S RESTATED CERTIFICATE
OF INCORPORATION TO AUTHORIZE ADDITIONAL SHARES
(PROPOSAL 2)**

On May 6, 2004, the Board of Directors proposed the adoption of an amendment to the Restated Certificate of Incorporation of the Company (the "Certificate of Incorporation") pursuant to which, subject to stockholder approval, the number of authorized shares of the Company's Common Stock would be increased from 50,000,000 to 100,000,000 shares.

The Board of Directors believes that this amendment to the Certificate of Incorporation to increase the authorized number of shares is in the best interests of the Company and its stockholders and recommends a vote FOR this proposal.

The purpose of the amendment is to allow the Company the ability to issue additional shares in connection with acquisitions of other companies or technologies, future financings, joint ventures, stock splits, employee and director benefit programs, the Company's stockholder rights plan and other desirable corporate activities, without requiring the Company's stockholders to approve an increase in the authorized number of shares of Common Stock each time such action is contemplated. If the proposed amendment to the Certificate of Incorporation is adopted, all or any of the authorized shares of Common Stock may be issued in the future for such corporate purposes and such consideration as the Board deems advisable from time to time, without further action by the stockholders of the Company and without first offering such shares to the stockholders. Except pursuant to the Company's employee and director stock plans, the Company presently has no plan, commitment, arrangement, understanding or agreement regarding the issuance of Common Stock. However, as discussed above, if the increase of the authorized number of shares is approved by the Company's stockholders, the Company may in the future issue additional shares of Common Stock to pursue acquisition and joint venture opportunities and in connection with future financings.

Of the 50,000,000 currently authorized shares of Common Stock of the Company, as of May 31, 2004, 27,715,739 shares were issued and outstanding. An additional 4,853,566 shares were reserved for issuance upon the exercise of options granted under the Company's option plans and 81,250 shares were reserved for issuance upon the exercise of certain warrants issued by the Company.

While not the intention of the Board of Directors, this proposal could make a change in control of the Company more difficult to effect, due to the increased excess of authorized shares of Common Stock compared to those shares currently outstanding. For example, these additional shares could be sold to purchasers who might side with the Board in opposing a takeover bid, which could discourage a potential acquirer.

If the amendment is adopted by the stockholders, it will become effective upon the filing and recording of a Certificate of Amendment as required by Delaware law.

**APPROVAL OF THE 2004 STOCK INCENTIVE PLAN
(PROPOSAL 3)**

On May 6, 2004, the Board of Directors adopted, subject to stockholder approval, the 2004 Stock Incentive Plan (the "2004 Plan"). Up to 2,500,000 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2004 Plan.

The 2004 Plan is intended to replace the Company's 1996 Stock Incentive Plan (the "1996 Plan"). As of May 31, 2004, options to purchase 3,876,896 shares of Common Stock were outstanding under the 1996 Plan and an additional 106,006 shares were reserved for future issuance under the 1996 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel.

Accordingly, the Board of Directors believes adoption of the 2004 Plan is in the best interests of the Company and its stockholders and recommends a vote FOR this proposal.

Summary of the 2004 Plan

The following summary of the 2004 Plan is qualified in its entirety by reference to the 2004 Plan, a copy of which is attached to the preliminary proxy statement filed with the SEC on June 8, 2004 and may be accessed from the SEC's website at www.sec.gov. In addition, a copy of the 2004 Plan may be obtained from the Secretary of the Company.

Types of Awards

The 2004 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), nonstatutory stock options, restricted stock awards and other stock-based awards, including the grant of shares based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights (collectively, "Awards").

Incentive Stock Options and Nonstatutory Stock Options. Optionees receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options may be granted at an exercise price which may be less than, equal to or greater than the fair market value of the Common Stock on the date of grant. Under present law, however, incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Code may not be granted at an exercise price less than 100% of the fair market value of the Common Stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the total combined voting power of the Company). Options may not be granted for a term in excess of ten years. The 2004 Plan permits the following forms of payment of the exercise price of options: (i) payment by cash, check or in connection with a "cashless exercise" through a broker, (ii) surrender to the Company of shares of Common Stock, (iii) delivery to the Company of a promissory note, (iv) any other lawful means, or (v) any combination of these forms of payment.

Restricted Stock Awards. Restricted stock awards entitle recipients to acquire shares of Common Stock, subject to the right of the Company to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable Award are not satisfied prior to the end of the applicable restriction period established for such Award.

Other Stock-Based Awards. Under the 2004 Plan, the Board has the right to grant other Awards based upon Common Stock having such terms and conditions as the Board may determine, including the grant of shares based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights.

Table of Contents

Eligibility to Receive Awards

Employees, officers, consultants and advisors of the Company and its subsidiaries are eligible to be granted Awards under the 2004 Plan. Under present law, however, incentive stock options may only be granted to employees of the Company and its subsidiaries. The maximum number of shares with respect to which Awards may be granted to any participant under the 2004 Plan may not exceed 1,000,000 shares per calendar year.

Plan Benefits

As of May 31, 2004, approximately 266 persons were eligible to receive Awards under the 2004 Plan, including the Company's seven executive officers. The granting of Awards under the 2004 Plan is discretionary, and the Company cannot now determine the number or type of Awards to be granted in the future to any particular person or group.

On May 28, 2004, the last reported sale price of the Company Common Stock on the NASDAQ National Market was \$12.56.

Administration

The 2004 Plan is administered by the Board. The Board has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2004 Plan and to interpret the provisions of the 2004 Plan. Pursuant to the terms of the 2004 Plan, the Board may delegate authority under the 2004 Plan to one or more committees or subcommittees of the Board. The Board has authorized the Compensation Committee to administer certain aspects of the 2004 Plan, including the granting of options to executive officers, and has authorized a committee of the Board, consisting of Dr. Yurek, to grant options, subject to limitations set by the Board, to non-executive employees.

Subject to any applicable limitations contained in the 2004 Plan, the Board, the Compensation Committee, or any other committee to whom the Board delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of Common Stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options (which may not be less than 100% of fair market value of the Common Stock), (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of Common Stock subject to any restricted stock or other stock-based Awards and the terms and conditions of such Awards, including conditions for repurchase, issue price and repurchase price.

The Board may make appropriate adjustments in connection with the 2004 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The 2004 Plan also contains provisions addressing the consequences of any Reorganization Event, which is defined as (a) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property, (b) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the Company. Upon the occurrence of a Reorganization Event, the Board may take a number of different actions as to any and all outstanding Awards including full acceleration of any outstanding Awards. Upon the occurrence of a Reorganization Event, the repurchase and other rights of the Company under each outstanding restricted stock award will inure to the benefit of the acquiring or succeeding corporation. The Board will specify the effect of a Reorganization Event on any other Award at the time the Award is granted.

If any Award expires or is terminated, surrendered, canceled or forfeited, the unused shares of Common Stock covered by such Award will again be available for grant under the 2004 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

[Table of Contents](#)

Amendment or Termination

No Award may be made under the 2004 Plan after May 5, 2014, but Awards previously granted may extend beyond that date. The Board may at any time amend, suspend or terminate the 2004 Plan, except that no Award designated as subject to Section 162(m) of the Code by the Board after the date of such amendment shall become exercisable, realizable or vested (to the extent such amendment was required to grant such Award) unless and until such amendment shall have been approved by the Company's stockholders.

If Stockholders do not approve the adoption of the 2004 Plan, the 2004 Plan will not go into effect, and the Company will not grant any Awards under the 2004 Plan. In such event, the Board will consider whether to adopt alternative arrangements based on its assessment of the needs of the Company.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to Awards granted under the 2004 Plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by the Company or its corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under "Nonstatutory Stock Options." The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be a long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be a capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Nonstatutory Stock Options

A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock Awards

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the

[Table of Contents](#)

participant will have a capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make an 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have a capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards

The tax consequences associated with any other stock-based Award granted under the 2004 Plan will vary depending on the specific terms of such Award. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award and the participant's holding period and tax basis for the Award or underlying Common Stock.

Tax Consequences to the Company

There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

**APPROVAL OF AMENDMENT TO THE SECOND AMENDED AND RESTATED
1997 DIRECTOR STOCK OPTION PLAN, AS AMENDED
(PROPOSAL 4)**

The Board of Directors believes that stock option grants under the Company's Second Amended and Restated 1997 Director Stock Option Plan, as amended (the "1997 Director Plan"), have been, and will continue to be, an important compensation element in attracting and retaining Outside Directors of the Company whose continued services are considered essential to the Company's future success.

Accordingly, on May 6, 2004, the Board voted, subject to stockholder approval, to further amend the 1997 Director Plan to increase the number of shares of Common Stock of the Company authorized for issuance under the 1997 Director Plan from 640,000 to 790,000.

The Board of Directors believes that the amendment to the 1997 Director Plan is in the best interests of the Company and its stockholders and recommends a vote FOR this proposal.

Summary of the 1997 Director Plan

The 1997 Director Plan, as currently in effect, and the proposed amendment, are summarized below. This summary is qualified in its entirety by reference to the full text of the 1997 Director Plan, a copy of which (as proposed to be amended) is attached to the preliminary proxy statement filed with the SEC on June 8, 2004 and may be accessed from the SEC's website at www.sec.gov. In addition, a copy of the 1997 Director Plan may be obtained from the Secretary of the Company.

A total of 640,000 shares of Common Stock may be issued upon the exercise of options granted under the 1997 Director Plan. As of May 31, 2004, 60,000 shares had been issued upon the exercise of options granted under the 1997 Director Plan, options for 310,000 shares were outstanding under this plan at an average exercise price of \$16.47, and 270,000 shares remained available for future grants under the 1997 Director Plan. Only Outside Directors of the Company are eligible to receive options under the 1997 Director Plan. The Company currently has six Outside Directors (which number may change in the future). All options granted under the 1997 Director Plan are nonstatutory stock options not entitled to special tax treatment under Section 422 of the Code.

The 1997 Director Plan currently provides for the automatic grant of stock options under the following circumstances:

- an option to purchase 20,000 shares of Common Stock is granted to each person elected as an Outside Director for the first time;
- an additional option to purchase 10,000 shares of Common Stock is granted automatically each year to each Outside Director three days following the Annual Meeting of Stockholders, provided that such Outside Director has served as a Director for at least one year; and
- initial options granted to Outside Directors vest in two equal annual installments provided the optionee continues to serve as a Director as of each such vesting date, and additional options granted annually are immediately exercisable.

The exercise price of each option granted under the 1997 Director Plan is equal to the fair market value of the Common Stock on the date of grant. In the event of an acquisition of the Company, all outstanding options will become vested in full. In general, an optionee may exercise his or her option, to the extent vested, only while he or she is a Director of the Company and for up to 60 days thereafter. Unexercised options expire ten years after the date of grant.

The Board may suspend, discontinue or amend the 1997 Director Plan, provided, however, that without approval of the stockholders of the Company, no amendment may (i) increase the number of shares subject to the

[Table of Contents](#)

1997 Director Plan, or (ii) effect any action which requires approval of the stockholders pursuant to the rules or requirements of the NASDAQ National Market or any other exchange on which the Common Stock of the Company is listed.

The 1997 Director Plan was initially adopted by the Board of the Company and approved by the Company's stockholders on September 5, 1997. An amendment to the 1997 Director Plan was adopted by the Board on May 2, 2000 and approved by the stockholders on July 28, 2000. The 1997 Plan, as currently in effect, was adopted by the Board on April 25, 2002 and was approved by the stockholders on July 26, 2002.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to options granted under the 1997 Director Plan and with respect to the sale of shares of Common Stock acquired under this plan.

Tax Consequences to Outside Directors

An Outside Director will not have income upon the grant of an option under the 1997 Director Plan. An Outside Director will have compensation income upon the exercise of an option equal to the value of the stock on the day the director exercised the option less the exercise price. Upon sale of the stock, an Outside Director will have a capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. A capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to the Company

The grant of an option under the 1997 Director Plan will have no tax consequences to the Company. The Company generally will be entitled to a business-expense deduction, however, with respect to any compensation income recognized by an Outside Director.

**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS
(PROPOSAL 5)**

The Audit Committee has selected the firm of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year. PricewaterhouseCoopers LLP or its predecessor company, Coopers & Lybrand LLP, has served as the Company's independent auditors since the Company's inception. Although stockholder approval of the Audit Committee's selection of PricewaterhouseCoopers LLP is not required by law, the Board of Directors believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Audit Committee may reconsider its selection of PricewaterhouseCoopers LLP.

The Board of Directors recommends a vote FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Independent Auditors' Fees

The following table summarizes the fees of PricewaterhouseCoopers LLP, our independent auditors, billed to us for each of the last two fiscal years for audit services and billed to us in each of the last two fiscal years for other services:

<u>Fee Category</u>	<u>Fiscal 2004</u>	<u>Fiscal 2003</u>
Audit Fees (1)	\$ 262,212	\$ 121,000
Audit-Related Fees	\$ 0	\$ 0
Tax Fees (2)	\$ 26,325	\$ 43,425
All Other Fees	\$ 0	\$ 0
Total Fees	\$ 288,537	\$ 164,425

- (1) Audit fees consist of fees for the audit of our financial statements, the review of the interim financial statements included in our quarterly reports on Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements. These fees include \$85,812 related to the Company's filing of a registration statement on Form S-3 and public stock offering of 5,721,250 shares of Common Stock in October 2003.
- (2) Tax fees consist of fees for tax compliance, tax advice and tax planning services. Tax compliance services, which relate primarily to the preparation of original and amended tax returns, accounted for \$24,725 of the total tax fees billed in fiscal 2004 and \$17,460 of the total tax fees billed in fiscal 2003. Tax advice and tax planning services relate primarily to strategic tax advice associated with potential mergers and acquisitions and amounted to \$1,600 in fiscal 2004 and \$25,965 in fiscal 2003.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent auditors. This policy generally provides that the Company will not engage its independent auditors to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

[Table of Contents](#)

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent auditors during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee and each individual member of the Audit Committee the authority to approve any audit or non-audit services to be provided to the Company by its independent auditors. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

OTHER MATTERS

Additional Agenda Items

The Board does not know of any other matters that may come before the Annual Meeting. However, if any other matters are properly presented to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

Solicitation of Proxies

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

Stockholder Proposals

Proposals of stockholders intended to be presented at the fiscal 2005 Annual Meeting of Stockholders must be received by the Company at its principal office in Westborough, Massachusetts not later than February 24, 2005 for inclusion in the proxy statement for that meeting; provided that if the fiscal 2005 Annual Meeting is more than 30 days from the date of the fiscal 2004 Annual Meeting, such proposals must be received a reasonable time before the Company begins to print and mail the proxy statement for the fiscal 2005 Annual Meeting.

Stockholders who wish to make a proposal at the fiscal 2005 Annual Meeting — other than one that will be included in the Company's proxy materials — should notify the Company no later than May 10, 2005; provided that if the fiscal 2005 Annual Meeting is more than 30 days from the date of the fiscal 2004 Annual Meeting, such notice must be received a reasonable time before the Company begins to print and mail the proxy statement for the fiscal 2005 Annual Meeting. If a stockholder who wishes to present a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on review of the copies of such reports furnished to the Company and written representations regarding the filing of required reports, except as set forth below with respect to Dr. Yurek, the Company is not aware that any of its officers, directors or holders of 10% or more of the Company's Common Stock failed to comply in a timely manner during fiscal 2004 with Section 16(a) filing requirements. In January 2003, Dr. Yurek made gifts of Common Stock to his wife and son that were not reported on Form 5 in May 2003. Upon discovery of this failure to file in May 2004, Dr. Yurek promptly filed an appropriate Form 5.

Important Notice Regarding Delivery of Security Holder Documents

The Company has adopted the cost saving practice of “householding” proxy statements and annual reports. Some banks, brokers and other nominee record holders are also “householding” proxy statements and annual reports for their customers. This means that only one copy of the Company’s proxy statement or annual report may have been sent to multiple shareholders in your household unless the Company has received instructions otherwise. The Company will promptly deliver a separate copy of either document to you if you write to or call the Company at the following address or phone number: Investor Relations, American Superconductor Corporation, Two Technology Drive, Westborough, Massachusetts 01581, (508) 836-4200. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact the Company at the above address and phone number.

Electronic Voting

Any stockholder who owns shares of Common Stock of record may authorize the voting of its shares over the Internet at www.voteproxy.com and by following the instructions on the enclosed proxy card. Authorizations submitted over the Internet must be received by 11:59 p.m. on Wednesday, July 28, 2004.

If a stockholder owns shares held in “street name” by a bank or brokerage firm, the stockholder’s bank or brokerage firm will provide a vote instruction form to the stockholder with this proxy statement that may be used to direct how the shares will be voted. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by the stockholder’s bank or brokerage firm on the vote instruction form.

By Order of the Board of Directors,

Ross S. Gibson, *Secretary*

June 24, 2004

THE BOARD OF DIRECTORS HOPES THAT STOCKHOLDERS WILL ATTEND THE MEETING. WHETHER OR NOT YOU PLAN TO ATTEND, YOU ARE URGED TO COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY IN THE ACCOMPANYING ENVELOPE. STOCKHOLDERS WHO ATTEND THE MEETING MAY VOTE THEIR STOCK PERSONALLY EVEN IF THEY HAVE SENT IN THEIR PROXIES.
